YOU4BLUE – Young generations for sustainable blue growth

An educational ERASMUS+ project to promote awareness of the sea

From **16th to 18th of April 2024**, *Hellenic Centre for Marine Research (HCMR)* in collaboration with the Educational Organisation *I.L.E.K. MORFI* will host in Heraklion, Crete the anticipated **2nd Student Exchange** event proposed by the “YOU4BLUE – Young generations for the sustainable blue growth” project.

The **Erasmus+ YOU4BLUE** project aims to promote the development of relationship between young people and their home environment, in order to enable students to be active citizens in their community.
